| 245 | Minute by the Honble Mr. Eliott | | ...... Reviews the proceedings of the Acting Magistrate of Tinnevelly on the complaints preferred by certain Hindoo Inhabitants of that District against the Revd. Mr. Hobbs — observes that the orders of the Honorable Court disapproving of the use of the term "Heathen" to denote the people of India or those who are of the Hindoo religion were not communicated for the information and guidance of the functionaries of Government generally, and Believes that Mr. Bird used the term in his report, without the least thought of casting opprobrium on the people designated by him — States therefore that the removal of Mr. Bird from the District of Tinnevelly is not called for, and that the case presents nothing to take it out of the regular course of Administration | 10th Decr 50 | 18th Feby No. 18 | 10th March 1851 No. 5 |
| 249 | Minute by the Honble Mr. Thomas | | ...... States that there has not been the slightest partiality manifested by the Acting Magte. of Tinnevelly in his proceedings on the complaints of certain Hindoo Inhabitants of that District against the Revd. Mr. Hobbs, that blame is not justly imputable to Mr. Bird, for using the word "Heathen" in his report on the case as no instructions have ever been issued directing the disuse of it, that had it not been for the remarks of the Honorable Court, he would have deemed the term quite unobjectionable — and that therefore Mr. Bird's removal from Office is wholly uncalled for — Observes that should the Right Honble the President consider it necessary to follow out the course proposed | | | |

proposed in his Minute, he will offer no opposition to the measure, but suggests that all the papers on the Subject be sent to the Honble Court for their early instructions. — 12th Decr 1850 | 1851 18th Feby No. 19 | 10th March 1851 No. 5

268 Minute by the Honble Mr. Elliott — States the Honorable Mr. Thomas has well observed that the subject in dispute between certain Inhabitants of Tinnevelly and the Revd. Mr. Hobbs is within the cognizance of the District Moonsiff to whom, if the Petitioners have been really aggrieved by encroach=ments on the Village common property or the private property of individuals, application can be readily made and redress obtained with little expense and little delay — 11th Feby No. 23 Do.

Mr. Hobbs, but that he will not object to pass the revised Extract as it has the concurrence of the Governor — No. 28 Do.

398 Minute by the Honble Mr. Elliott — Attaches no weight to the objection of certain Departments to the occupation of the Penitentiary buildings on account of the dampness of the site, as their opinion has been made without any particular grounds for it of their own knowledge. — If a Committee be appointed to re-examine the buildings, suggests that they be instructed to compare the accom=modation which the Penitentiary buildings are calculated to afford with

401 Minute by the Honble Mr. Thomas - - - - - - - Under the opinions of the Military Board and the Justices in Sessions, thinks that the Govt. would be fully justified in applying the unfinished Penitentiary buildings at once to any public purpose, that nothing is to be apprehended from dampness, and that the sacrifice of the large sum expended upon the buildings is not called for - If the report of the Committee proposed to be appointed to survey the buildings is equally favorable with that of the Justices in Sessions and Military Board, suggests that the buildings be completed and appropriated pro-tempore to the Clothing Department, and that the papers be then submitted to the Honorable Court for their orders - - - - - - - - - - 24th Do. | 2274 | Minute by the Honble. Court have overlooked the circumstance that the jurisdiction of the New Court embraces a wider range than the old one, and that the cases brought before it are more complex and intricate which of itself requires a Judge well qualified and able to give his whole time and attention to the business of the Court and for reasons stated observes that Madras requires a most effective and vigilant Police and a Superintendent and Chief Magte. who must give his undivided attention to his Office – Is therefore of opinion that it would be a source of great regret to all classes if the present arrangements were altered and either the Police or the Small Cause Court rendered less efficient | 26 June No. 47 | |
